Employees, Volunteers, Participants and other persons

Consideration:

Consider a resourcing plan for delivering sporting activity or events.

Ensure workplaces are COVID-19 safe and staff are educated on safe work practices. Ensure copies of communications, posters and emails are retained with this checklist and made available to employees, participants and other people within the sporting facility (if indoors).

Ensure all employees, volunteers and administrators responsible for any relevant activities have been informed and trained about the conditions/restrictions of re-starting the activity and are aware of appropriate hygiene measures and that they should not attend if unwell.

Remind participants and other persons to not attend the sporting event if they are unwell.

Update employment and volunteer agreements for your school to reflect the new operating environment.
