Supporting reconciliation

Acknowledgement of Country

The Department of Education acknowledges the Traditional Owners of the lands from across Queensland. We pay our respects to the Elders past, present and emerging, for they hold the memories, the traditions, the culture and hopes of Aboriginal and Torres Strait Islander peoples across the state.

A better understanding and respect for Aboriginal and Torres Strait Islander cultures develops an enriched appreciation of Australia's cultural heritage and can lead to reconciliation. This is essential to the maturity of Australia as a nation and fundamental to the development of an Australian identity.

WELCOME FROM THE CHAIR OF QUEENSLAND REPRESENTATIVE SCHOOL SPORT MANAGEMENT COMMITTEE

In my role as Chair of Queensland School Sport – Management Committee, I have the privilege of meeting many athletes who have represented Australia at an international level in both team and individual sports. What many of these athletes have in common are their fond memories of their school sport days. In fact, these national champions frequently attribute the teacher or coach, who trained them at lunchtime or stood on the oval as part of an interschool sport program, as the catalyst for their enjoyment of sport and for providing that first structured opportunity which opened up a pathway to pursue their talents.

As a teacher who has stood on that oval myself, I am proud to be part of a school sport system which provides these sporting opportunities to school students across Australia. The process of selection for our state and territory teams covers our entire country ensuring just about every student gets a chance to participate in the school sports program whether that be at the school selection trial or competing and representing their state or territory at School Sport Australia events such as this one.

The 19 Years & Under Cricket Exchange being held in Mackay this week is the culmination of a great deal of effort by the students who are here representing their state and the various school sports systems that support them. To the students, I wish you the best of luck throughout this competition and hope that in the future you have ongoing success and continue to support sport in schools as your teachers and parents have supported you. To the parents and family members who have made the trip to Mackay, thank you for your ongoing support of your athlete and of our School Sport programs. I hope you enjoy your stay in beautiful Queensland.

To our students please remember, sport is about participation and is a character-building activity that will assist you to face the challenges in life. Give your best and reap the benefit of knowing that through your endeavours, with the support of family, you have reached the pinnacle of School Sport in Australia. Thank the people who have supported you, take the time to enjoy this wonderful opportunity and most of all make friends with other players from around Australia who one day may be your team mates in senior representative teams.

I hope you all enjoy the championship and compete to your best. Keep this program as a memento of a wonderful period of your schooling life and most of all, enjoy the experience!

13-19 YEARS CRICKET EXCHANGE CHAIRS WELCOME

On behalf of the executive committee for Queensland 10-19 Years Schools Cricket, I would like to warmly welcome all players, officials, and parents to the U19 Cricket Exchange – QLD v NSW 'The Carbine Cup'.

I am grateful to all the participants and their families for making the effort to get to Mackay for the Cricket. I am sure it will be a successful week and some great cricket, will be played. I hope there is some quality, injury free, cricket played by all of the students over the next week.

Our sport executive would like to acknowledge all the demanding work of officials in preparation for this Championship. We would like to thank all the staff at Qld Representative School Sport for their thorough planning and commitment in preparing for this Exchange. We would also like to thank Mackay for hosting this week long competition.

I also know from experience, the time and effort involved in preparing a State Team for competition. To the coaches and managers, thank you for the time spent preparing your respective teams. Finally, we thank the parents who have provided the time, encouragement, and the necessary funds for these young men and women to travel and participate in this exchange.

To the young men and women participating on the field, enjoy every moment. For many of you, this cricket exchange will be your final representative sporting event as a high school student. When you look back at your time at school, your participation at carnivals such as these will be amongst your most vivid memories. Play good, hard cricket; however, always respect your opponents and show proper regard for the spirit of the game.

Good luck to all teams.

Gerard Flegler

Definition

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online (cyberbullying), via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

In the context of Queensland School Sport, bullying (in person) and cyberbullying (online) could include:

- **Verbal bullying** e.g. name calling; using insults towards players, officials, spectators; cruel nicknames.
- **Physical bullying** e.g. hitting; shoving; intimidating someone; damaging or stealing belongings.
- **Social bullying**, sometimes called exclusion e.g. not including someone in a game or a team social occasion.

Bullying in any form (in person or on-line) is not acceptable and will not be tolerated.

If you, as a team member at a school sport event are being bullied or know of someone else who is being bullied, report it by telling your team manager or team coach.

If you are at school and are being bullied or know of someone else who is being bullied, report it by telling your teacher.

School Sport officials' (including team managers and coaches) and school staff will be supportive and respectful and will treat the issue seriously and appropriately.
